Tuesday, January 9th

General Information

Participants will receive the workshop overview and will be presented information of professionalism and confidentiality

Tuesday January 23rd

Children with Diverse Needs

Participants will be presented techniques for working with children with diverse needs, with emphasis on English language learners, and those with special needs. Tips for supporting struggling students will be covered.

Tuesday February 6th

Language Arts

Participants will be presented the basic language arts framework, in addition to some techniques in the area of reading. Time will be given for practice in preparation for the Language Arts portion of the Paraeducator Proficiency Assessment

Tuesday January 16th

Common Core Standards

Participants will discuss a simplified version of the Common Core State Standards. Resources will be discussed that support the standards.

Tuesday January 30th

Mathematics

Participants will learn the important concepts to support student learning in the area of mathematics. Information will also be shared on the application process, as well as tips and techniques for getting hired. Time will be given for practice in preparation for the math portion of the Paraeducator Proficiency Assessment

Tuesday, February 13

Paraeducator Proficiency Assessment

Participants will have the opportunity for individualized review of concepts needed for the assessment. The assessment will be administered.
