

Identification and Education Under Section 504

The Governing Board of **Tehama eLearning Academy** recognizes the need to identify and evaluate students with disabilities, and desires to ensure that all students, including students with disabilities, have a free appropriate public education (FAPE). This means that students with disabilities will receive the same education as students without a disability.

The **Principal, or designee** shall designate a 504 coordinator to establish and implement evaluation procedures to be used whenever there is reason to believe that a student, because of a disability, needs or is believed to need special instruction or related services. This coordinator shall also ensure a system of procedural safeguards that includes notice, an opportunity for the parent/guardian of the student to examine relevant records, an impartial hearing with the opportunity for participation by the student's parent/guardian and representation by counsel, and a review procedure.

The **Principal** or designee shall ensure that identified students with disabilities receive regular or special education and related aids and services designed to meet their individual educational needs as adequately as the needs of nondisabled students are met.

If the student is found to have a disability that qualifies him/her for a FAPE under Section 504, then the Section 504 multi-disciplinary team members shall develop a written Section 504 service plan for the student. Upon reviewing the nature of the disability and how it impacts the student's education, the members shall determine what general and/or special education services, related aids, supplemental aids and services, accommodations and/or modifications, are needed in order to provide the student with a FAPE. The student shall be educated with non-disabled students to the maximum extent appropriate.

The **Principal** or designee shall maintain a list of impartial hearing officers who are qualified and willing to conduct Section 504 hearings. The Section 504 multi-disciplinary team shall provide the parent/guardian with a copy of the Section 504 service plan. If the Section 504 multi-disciplinary team determines that the student is not eligible under Section 504, the parent/guardian shall receive a copy of the Section 504 multidisciplinary team meeting notes stating the basis for this decision. Parent/guardian shall also receive a copy of the procedural safeguards guaranteed under Section 504.
